

Sale Name: Coin Auction. Lots of Silver Eagles, Silver and Sets

LOT 53 - 1961 U.S. Mint Proof Set Coins

Sooner or later your Proof Coins may show evidence of oxidation (discoloration or discoloration). We have chosen materials and methods which we hope will delay this possibility, but we cannot assume responsibility for oxidation.

Please do not ask us to make exchanges or adjustments.

Your U.S. Proof Coins have been carefully inspected before release!

If there should appear—what may seem to you—a defect or scratch on a coin—it is, no doubt, a crease in the polyethylene-coated nylon. We tell you this to save us both unnecessary correspondence.

Thank you!

Superintendent,
U.S. Mint,
Philadelphia, Pa.
